Front Grille Smart Fortwo 453 with Smart Emblem

Photo 1: Front view of Smart Fortwo 453 with Smart Power Design's Front Grille in Midnight Blue Metallic color (with Smart Emblem).

All work should be performed with the utmost care to avoid any damage.

Please check that the parts listed are complete before starting the installation.

For the painting of the Front Grille no specific instructions have to be followed.

Parts List

1 x Front Grille
1 x Original Smart Emblem
1 x Adhesive Tape
1 x Silic (Polyurethane Glue)
4 x Screws

Instructions

1. You don't have to umount the existing grille of your Smart Car to install the Smart Power Design's Front Grille.
2. Remove the stock Emblem with its plate.
3. Then place the Smart Power Design's Front Grille
 - a. Put the clips that you can find at the back side of the Front Grille in the 5th hole (see photo #2).
 - b. And push upper the Front Grille so it will be snapped on the existing grille of your Smart Car.
4. Screw the 4 screws (See photo #3)
5. Now, place the some Polyurethane glue at the plate of the Front Grille (See the places we suggest to place the glue at the photo #4).
6. Place the original Smart Emblem you have received.
 - a. And stick it to the center with the adhesive tape.
7. After 24 hours, you can remove the adhesive tape.
8. Installation is completed.

Put the clip at the 5th hole
