Front Grille Smart Fortwo 451

Photo 1: The Front Grille for Smart Fortwo 450 by Smart Power Design (front view).

All work should be performed with the utmost care to avoid any damage.

Please check that the parts listed are complete before starting the installation.

For the painting of the Front Spoiler no specific instructions have to be followed.

Parts List

1 x Front Grille
1 x Polyurethane Glue
1 x Mercedes Star
4 x screws

Tools

Paper adhesive tape
Torxscrewdriver T25
Screwdrivers
Clean cloth
Cleaner

Instructions

1. Please park the car and turn off the engine.
2. We put the grill with the help of the screwdriver.
3. If the Smart does not have fog lights, we take the caps from the existing grill and we adhere the caps at the gaps of the new with an adhesive tape
4. Then we replace the old one with the new grill and screw it down with the 4 screws.
5. Put now the required polyurethane glue, at the beginning, the middle and bottom of the Front Grille. Not too much in order not to overflow.
6. Then we put the product carefully to the center of the hood (see photo) and we adhere with paper adhesive tape.
7. After 24 hours, we can remove the paper tape. Don't forget that for the first 24 hours you mustn't drive faster than 80km/h.

Front Grilles in different colors

Enjoy what you have just installed. We hope that you are not going to like it but to love it as it fits perfectly on your lovely Smart Fortwo 451.

We would like to thank you for purchasing from Smart Power Design a company specialized in Smart Tuning and Accessories.
